*In response to Chairwoman Jordan's question
regarding the bid being twice as much as the
estimate, and why it was not re-bid, Mr. Johnson
explained the estimate was a faulty estimate
prepared by an outside professional consulting
firm.*

*Vice Chairwoman Jordan expressed concern
regarding faulty estimations and asked Assistant
County Manager Carlton to determine how many
faulty estimates or cost projections had been
prepared by consultants and to prepare a
comprehensive report identifying the number of
occurrences and the cost to the County in terms of
dollars for the County Commission's review.*

*Vice Chairwoman Jordan asked Assistant County
Attorney Libhaber to consider incorporating
appropriate language within the agreement to
enable the County to recover costs for faulty
estimates prepared by consultants.*

Report: *Assistant County Attorney Libhaber read the
foregoing resolution into the record.*

*Mr. Bill Johnson, Director, Seaport explained that
the intent of the foregoing item was to advertise
the contract to construct a 750 car garage for
cruise terminal "D". He noted the project was
estimated at 10.7 million and has been designed,
engineered and was in the permitting process.
The project would be funded by an upcoming
sunshine loan, Mr. Johnson noted.*

*Vice Chairwoman Jordan asked questions
regarding projects that had Community Small
Business Enterprises (CSBE) or Disadvantaged
Business Enterprises (DBE) goals without federal
funds involved and whether or not the County
Commission could apply a CSBE goal until
federal funds were received for projects that
would apply for federal funds.*

*Assistant County Attorney Libhaber responded a
CSBE goal may be incorporated if no federal
funds were being requested. He noted seeking
federal funds without a DBE goal and use of a
CSBE goal could jeopardize obtaining federal
funds.*

☐

*Commissioner Jordan asked that the County
Attorney's Office and the County Manager's
Office meet with her to discuss a way to prevent
contractors from using the excuse that they would
apply for federal funds as a way to avoid CSBE
and DBE goals.*

*Hearing no further questions or comments the
committee proceeded to vote on the foregoing
resolution.*

Report: *Assistant County Attorney Libhaber read the foregoing resolution into the record.*

Vice Chairwoman Jordan noted the Florida Fish and Wildlife Conservation Commission was the low bidder, she asked about the percentage differential between Fish and Wildlife Conservation Commission and the Miami-Dade Police Department and what had contributed to the price difference.

Mr. James Maes, Assistant Director of Safety and Security, Seaport, stated a cost comparison conducted approximately two years ago determined that Miami-Dade Police Department would cost twice as much as Florida Fish and Wildlife due to Miami-Dade Police Department's overtime fee.

Mr. Johnson noted there had been approximately four cost comparisons including private industries and this one was the least expensive.

Vice Chairwoman Jordan asked Mr. Bill Johnson, Director, Seaport to meet with her to discuss the percentage differential between the Florida Fish and Wildlife Conservation Commission and the Miami-Dade Police Department and the reason for the difference in pricing.

Hearing no further questions or comments the committee proceeded to vote on the foregoing resolution.

Mr. Bill Johnson, Director, Seaport, addressed the Committee in connection with a Power Point Presentation entitled "Capital Improvement Program Update 2006-2007". He stated that several commissioners requested he review the Port's capital development program and look for ways to strengthen the program, particularly ways to manage the program more effectively. Mr. Johnson pointed out he had received authorization to hire 10 employees in the engineering division. He noted the increased staff would minimize the role of the project management consultant, allow better management of the capital program, and to perform construction and project management internally resulting in a net savings of approximately \$800,000.

In response to Commissioner Sorenson's concern regarding lay-off's as a result of property tax issues, Mr. Johnson stated his staff was working closely with the budget director and personnel director to staff the positions. He noted the Port itself had significant financial challenges and also faced potential lay-off's.

Mr. Johnson noted the Haskell Company's work had been completed and the software was being fine tuned and integrated into the system. He said the gate house would come online in June 2007, the 16 gate houses (10 gates in, 6 gates out) would make cargo operation and security posture more efficient.

Mr. Johnson noted that some outstanding workmanship issues with Centex Construction existed and that he had met with the President of Centex Construction and was hopeful the issues could be resolved. Mr. Johnson said he was working with the County Attorney's Office to begin the corrective measures needed at the Port and funds would be subtracted from the retainer

of the contractor.

Mr. Johnson continued his presentation noting the C.G. Chase Company was selected to construct Cruise Terminals D & E. He said the terminals would receive a temporary certificate of occupancy in May or early June 2007, Carnival and another company would be in the space by late June or early July 2007. Staff was working closely with Carnival Corporation to develop and go through a punch list for Terminals D & E which he noted, were state of the art cruise terminal facilities which cost roughly \$40,000,000 each.

Mr. Johnson pointed out projects that were currently underway in 2007:

- ~Improvements to Cruise Terminals B & C
- ~Extension of Eastern Port Boulevard
- ~Cargo Yard Improvements
- ~Wharf Improvements
- ~Pavements Rehabilitation
- ~Drainage System Clean-Out

Mr. Johnson pointed out future projects for 2008-2012

- ~Parking Garage "D"
- ~Cruise Terminal "A": Parking Garage and Intermodal Facility
- ~Cargo and Cruise Berthing Expansion
- ~Container Yard Improvements
- ~Security Enhancement Projects
- ~Phase III Dredging
- ~Port of Miami Tunnel/Access Improvements

In conclusion Mr. Johnson stated the improvements would make the port, which was an economic engine, more viable and produce billions of dollars to our economy and community.

Commissioner Sorenson questioned the progress of the Port Tunnel.

Mr. Johnson explained an analysis on the traffic count was being conducted and was expected to be completed within a week. He stated it was important to have current figures available regarding the total traffic volume coming onto the port. He stated the minimum contribution of the port was approximately \$50,000,000 based on the transaction today. Mr. Johnson stated the port

could finance itself in several different ways and suggested meeting with all port partners, cargo, cruise and truckers to ensure they were clear about the discussion and receive their input and hopefully their support. He anticipated the meeting to be scheduled by the end of May or early June.

In response to Commissioner Sorenson's question regarding the funding gap of all sources provided, the total cost of the project and the percentage of funding identified, Mr. Johnson stated the total cost was approximately \$900,000,000, the County had several dedicated sources including \$100,000,000 from the Building Better Communities GOB; but a gap of \$50,000,000, remained.

In response to Commissioner Sorenson's question regarding progression toward making the Port a 24 hour operation, Mr. Johnson explained what it would take to accomplish this and noted that staff was exploring the feasibility and costs of operating

24 hours.
